

Every Price Points to Cohen's Store.

Every article offered proves by merit the intrinsic goodness of the store. Every value given is a prize just now that you must come after when the goods are offered. There are few that could be produced at such values. We sell them as we buy.

We fling these prices to the public like a banner under which we fight, knowing that as long as they stand we need fear no competition.

The Merchants' Libraries is a wonderful gift. Every 10c purchase here gives you a vote.
